EDUCATION

Rhode Island School Of Design
Providence RI | 2014-present
Major in Product and Industrial Design
Concentration in Computer, Technology & Culture (CTC)

Brown University Cross Registered
Providence, RI | 2016-present
CS015 - Objected Oriented Programming
CS016 - Algorithms & Data Structures
CS1320 - Modern Web Development

Institute of Information Industry
Chungli, Taiwan | 2017 Sept-Jan
Augmented Reality/Virtual Reality Immersive

EXPERIENCES

Giants Bicycle Industrial Design Intern
Taichung, Taiwan | 2017 Jun-Aug
Worked alongside PM and design team to create new design for 2018 Ergo-Max bar-end series. Independently managed project time-line from beginning to end. Performed user testing on each design iteration. Pitched and articulated design solutions to stakeholders. By the end of internship, my design was accepted, and product will launch at the end of 2018.

White Memo Full-stack Developer
Chungli, Taiwan | 2017 Sept-Jan
White Memo is a MR app I co-developed during my gap semester in Taiwan. I developed and deployed backend and designed all front end UI material. Pitched and presented our project to several company HRs by the end of the program.

Want The Recipe Designer
Boston, MA | 2018 Feb-present
Working with MIT Sloan MBA Candidates to develop their early stage startup product. Want The Recipe's mission is to create an online community around recipe sharing and cooking. Providing design feedback on early stage designs, and help creating animated prototypes. Product expects to launch the summer of 2018.
